

Patient Information Sheet

Urine Collection - Mid-Stream Urine (MSU)

No appointment is necessary for this test

Your doctor has referred you to have a Mid Stream Urine (MSU) test.

Females:

If you have a vaginal discharge or your period, a tampon should be inserted.

Males:

Uncircumcised males should retract the foreskin during collection.

Instructions:

- Label the container with your full name, date of birth, date and time of collection.
- Pass the first part of the urine stream into the toilet. Place the specimen container provided under the urine stream until it is 1/3 full. Finish passing the rest of urine into the toilet. It is important not to touch the inside of the container or the lid.
- Please ensure lid is on correctly and tightly screwed down to avoid spillage, and place in plastic bag for delivery.
- Please deliver to your most convenient collection centre as soon as possible. Refrigerate specimen if there will be a delay in delivery.

For further information or to make an appointment, please contact your nearest Collection Centre

Updated Collection Centre details may be found:
