

Patient Information Sheet

Urine Collection - Chlamydia And/Or Gonorrhoea (PCR)

No appointment is necessary for this test

Your doctor has referred you to have a test for Chlamydia and/or Gonorrhoea (PCR).

Instructions:

- You must not have urinated for at least 2 hours prior to collecting this specimen.
- Remove the lid from the specimen container.
- Pass the first 30mls of urine into the container, finish urinating into the toilet.
- Place the lid back on the container and ensure it is secured firmly.
- Ensure the container is labelled with your Surname, First-name, date-of-birth and date/time of collection.
- Place the container in a plastic bag with the referral form and deliver to your most convenient Capital Pathology Collection Centre.

For further information or to make an appointment, please contact your nearest Collection Centre
